

SUNROOM

CEILING PLANK SYSTEM

Add the Elegant Look and Feel of Real Wood to your Betterliving Sunroom.

Bring the natural look of wood to your Sunroom by adding the Betterliving Plank Ceiling system.

Available in a variety of classic colors to match any style, these ceiling planks create a distinctive look to your sunroom that is as unique as your lifestyle and your individual taste.

Betterliving ceiling plank system can add a cozy warm look to your sunroom.

Detailed laminate graining provides the elegant look and feel of real wood. As great looking as our ceiling planks are, you can also feel good about selecting them. They are made from recycled materials, are fire retardant, mold resistant and extra durable.

The wood grain surface is specially engineered to reflect more room light so you can use fewer source lights.

If you think this is a major job - think again! The Betterliving Ceiling Plank System is made to fit into your sunroom with no tear out or mess!
